FOR OUR YOUNG DRIVERS!

Today's young drivers have a lot on their minds. School finals, the big game, and the party scene are some distractions facing our youngsters. For those still covered under their parents' insurance, we recommend spinning off onto your own policy! Through our agency we represent many companies that offer reasonable rates for teens and young adults. Call us today for a quote. Also, many of those companies our agency represents offer a good student discount. If you have a *B* average in school, drop us a copy of your transcript to receive that significant discount. In addition to good grades, they also offer a discount if you participated in a drivers training program. This includes a certification stating you had both classroom and behind the wheel instruction.

Home and Auto Discount

Did you know if our agency insures both your home and auto with the same company you get a discount on both policies?
